# aventos

The event specialist - designed by us, created for you

The aventos is maximised promotional presentation at its best. Its modular design, flexibility and unique fabrication creates high impact product promotion and provides you with the innovative brand solution that you require.

An extensive selection of size and stand options allows this pole to be utilised across all market segments in all environments and on every surface from soil to sand, concrete to water!

Adaptability, strength and a user-friendly design has enabled this pole to become the successor to traditional poles, banners and static displays.

Our innovation, advanced structural design and our ability to listen to our client's requirements has enabled us to provide one of the strongest most cost-effective products in the market place.

Northern Flags and FaberPro Motion listened to their clients and then worked hand in hand to ensure that the Aventos is strong, adaptable and priced to suit all budgets.
