

Colleges & Universities Social Distancing

COVID-19 Solutions

Preparing to Reopen edition

EXTERIOR SIGNAGE

It is important that from the moment students, staff and visitors arrive at school, they are aware of your social distancing protocols. Make this clear with bright, informative signage which you can also use to welcome students back.

RECEPTION AREA

To protect students, staff and any visitors, you need to ensure they are aware of your social distancing protocols and that they have the option of mobile sanitation.

TEACHING ROOMS

Teaching rooms will be different from what students are used to, make sure you gently reinforce the social distancing message and also keep students and staff safe with a range of print solutions.

LECTURE THEATRES

Larger areas for teaching will still need the correct social distancing protocols in place. Make sure you keep students and staff aware with bright, informative signage that is easy to install.

STAIRS & STAIRWELL

There may be areas in use where students and staff could come into closer proximity with each other. Minimise risk and stop the spread with simple messages on a variety of print solutions.

LIFT AREA

Certain areas of the building may need special precautions putting in place. Reinforce these messages with bright, easy-to-understand signage.

SELF-SERVICE CANTEEN

In high risk areas it may be necessary to institute directional signage, alongside clear messaging, in order to protect the health and safety of your students and employees.

PLAYING FIELDS

Areas in which sports take place may be outside, but they will also need separate rules putting in place. Reinforce these messages with colourful, easy to understand signage on a range of print solutions.

TOILETS & CHANGING ROOMS

Areas such as toilets and changing rooms could be higher risk, so you will need to pay particular care to ensure you have the right messaging and precautions in place.

SANITISING STATIONS

Our range of sanitiser stations are available branded or with just a spray finish. We can fit them with automatic dispensers, touch dispensers or with just a shelf for bottles of sanitiser and wipes.
