

Hospitality Social Distancing

COVID-19 Solutions

Preparing to Reopen edition

ENTRANCE

When customers arrive at your premises, you need to make sure that they're aware of your social distancing protocols and have an option of hand sanitisation before they enter the property.

DINING

Dining areas will need special precautions putting in place. Reinforce this messaging with bright, easy-to-understand signage.

OUTSIDE SEATING

Outdoor seating areas will be vital for many areas of hospitality, as they offer greater distances between tables, and open air environment which combats the spread and more flexibility on seating arrangement.

OUTSIDE COLLECTION POINT

Even though it's outside, you will still need signage reinforcing social distancing guidelines. This can be used to your advantage however, with solutions such as collection points.

OUTSIDE TOILETS

The restrooms of your premises will need particular signage to ensure that patrons aren't coming in too close a proximity with one another.

TOILETS

Solutions such as sanitiser stations, waiting signs and protective screens are a great way to ensure the toilets aren't somewhere customers or staff will be wary to enter.

FLOOR GRAPHICS

Floor stickers are a simple way to deliver your message and guide patrons around your premises, but they can also double up as a handy advertising tool also!

PROMOTIONAL FLOOR STICKERS
