

# Schools Social Distancing

## COVID-19 Solutions

Preparing to Reopen edition

# EXTERIOR SIGNAGE

It is important that from the moment pupils and parents arrive at school, they are aware of your social distancing protocols. Make this clear with bright, informative signage which you can also use to welcome pupils back.

# RECEPTION AREA

To protect your pupils, staff and any visitors to your school, you'll want to ensure they are aware of social distancing protocols and have the option of mobile sanitation.

# CLASSROOMS

The classroom will be different from how pupils remember it, make sure you gently reinforce the social distancing message and also keep pupils and teachers safe with a range of print solutions.

# PLAYGROUND

Although outside areas are less of a risk, you will still need to ensure you have colourful, easy to understand social distancing measures in place to keep pupils safe.

# STAIRS & STAIRWELL

There may be areas in use where pupils and staff could come into closer proximity with each other. Minimise risk and stop the spread with simple messages on a variety of print solutions.

# TOILETS & CHANGING ROOMS

Areas such as toilets and changing rooms could be higher risk, so you will need to pay particular care to ensure you have the right messaging and precautions in place.

# CANTEEN

Once canteens reopen, you'll need the same social distancing protocols in place as the other areas of your school, and perhaps more so.

# SANITISING STATIONS

Our range of sanitiser stations are available branded or with just a spray finish. We can fit them with automatic dispensers, touch dispensers or with just a shelf for bottles of sanitiser and wipes.

# EDUCATIONAL SIGNAGE

Social distancing messaging might seem overwhelming for pupils, particularly the younger ones. That's why we've created a range of fun, informational signage for primary and secondary school students.
