WELCOME

Welcome to Northern Flags, sister company of FaberExposize UK and the UK's biggest specialist wide format printer. As part of the FaberExposize group, we bring the infrastructure and facilities of Europe's largest advertising and branding print producers.

What makes us different?

- Unlike other suppliers we'll talk to you and make sure we understand your business requirements and circumstances before making recommendations.
- Our production facility is one of the biggest and best in the country, we make everything we sell and the quality shows through!
- We're versatile! Whatever you need, we can do it – fabric, rigid, digital... Just ask!
- We have a team of dedicated sales specialists focusing on each sector we service. So you can rest assured you're speaking with an expert when you deal with us!
- Our experienced print production team is the best in the industry and that shows in our print quality. We guarantee products that will stand out from the rest!

Talk to us today about how we can fulfil your wide format display ambitions on 0113 205 5185 or info@faberexposize.co.uk!

FEATHER FLAG BASES & ACCESSORIES

Ground Spike AVE607

Our Ground Spike is stress-free to install and is great for soft ground and grass for any type of outdoor event.

Ground Plug AVE605

Suitable for loose ground such as sand or snow, and easy to install. Our Ground Plug is also ideal for any of our flag sizes.

Car Forecourt Base FLP450

Perfect for Car Forecourts - add company branding with ease. Solid heavy duty base developed for UK weather!

Ground Plate AVE606

The 8kg Ground Plate is most suitable for indoor use - we would recommend these bases for our Standard and Teardrop Flags.

Black Fillable Base AVE608

A popular choice for larger, double sided flags at outdoor events.

Cross Base AVE603

Our Cross Base is perfect for the single sided Feather Flags - up to 3.2m in size.

Heavy Duty Cross Base AVE604

Our Heavy Duty Cross Base is perfect for a more sturdier solution than the standard Cross Base.

Carry Bag AVE610

Measuring 130cm long, our Carry Bags are the perfect size for transporting your Feather Flag from event to event.

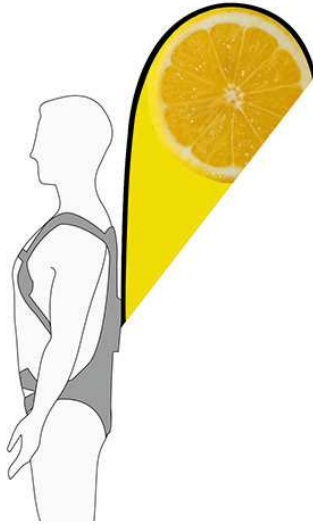

Water Ring AVE603

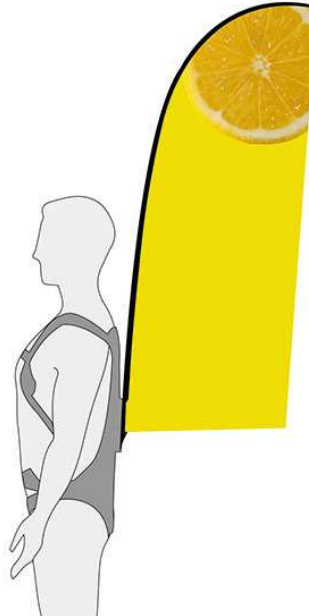

We recommend adding a Water Ring to your Cross Bases to add stability to them.

BACKPACK FLAGS

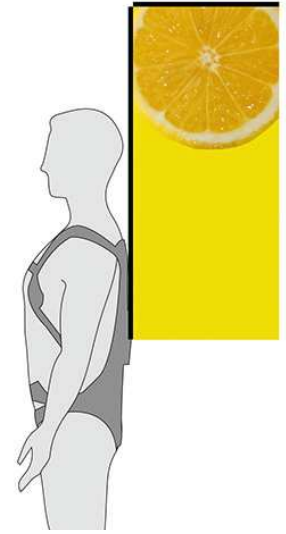

Backpack Flags are a great way to promote your brand at events, festivals and exhibitions. If you want your promotional team to mingle with the crowds, distribute special offers or direct the crowds to key areas, our Backpack Flags are your perfect choice!

DROP

STANDARD

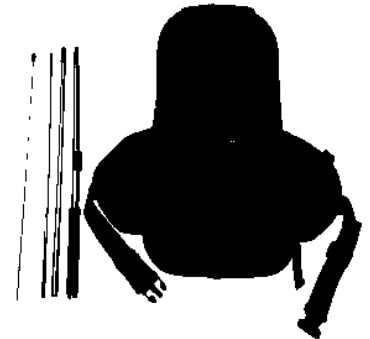

URBAN

FEATURES

- Lightweight and comfortable to wear
- Includes a flag, backpack and flagpole
- Vibrant print quality to catch the eye and draw crowds

BACKPACK HARDWARE

DIGITALLY PRINTED FLAGS

We digitally print your bespoke flag to whatever size you require. They can be single or double sided and provided with a sleeve for a rotating arm or a hemmed rope and toggle flag. We also offer a blackout silver interliner for double sided flags.

FEATURES

- Excellent print quality with great show through – at least 80%
- Our durable flags are weather and UV-resistant
- They can also withstand washing, take down your flags and clean to prolong their life

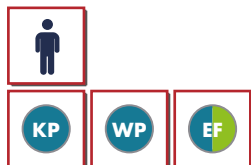

WALL-MOUNTED FLAGS

Choose Wall-mounted Flags in a style which best suits you to help boost your branding with permanent but changeable installation.

FEATURES

- Choose from different types of pole and a vertical or angled bracket
- Wall-Mounted Flags are available in a range of different materials and sizes

FLAG POLES

We've got over 30 years' experience in providing the best quality Flag Poles in the UK. We have a range of different sizes and styles from 20m poles all the way down to 5.3m. Our systems are suitable for any events and forecourts and a full advisory and installation service is available.

SHOWHOME WITH ROTATING ARM

The most cost-effective and robust two-piece pole system is precision-engineered and ideal for construction sites.

SHOWHOME WITH CLEAT & HALYARD

High quality, robust and budget-friendly system. We install in thousands of sites every year or easy self-installation.

FORECOURT WITH ROTATING ARM

Rotating flag arms rotate through 360 degrees, allowing the flag to be fully displayed with or without any wind. Available with a car base plate or a ground sleeve.

FORECOURT WITH CURVED ARM

The highest quality commercial grade flag pole available on the market. Durable, robust and available with a car base plate or ground sleeve.

ARCHITECTURAL

The aluminium, steel or glass fibre pole is perfect for permanent installation. It can be designed for traditional fluttering flag or a rotating arm style.

STANDARD

The most cost-effective corporate or civic permanent system. Precision engineered metal in multiple options.

PORTABLE FLAG

The Portable Flag can be put up and taken down quickly making it simple to move. Perfect for events and retail showrooms.

- The Wooden Base can be supplied with or without an arm

HANDWAVING FLAGS

Our Handwaving Flags are an excellent way to display your branding at sports events, festivals or exhibitions. They're available in a range of fabrics, all of which are easily recyclable. You can choose from a larger style or a smaller A5 version.

LARGE HANDWAVER

SMALL HANDWAVER

FEATURES

- Various sizes and finishes are available
- They can be printed single sided or double sided with the same or different artwork
- Knitted Polyester has excellent show through

BUNTING

Our Bunting is available custom cut in custom shapes and die cut in various lengths. One of our best sellers, it's a fantastic way to bring your event alive and you can choose from a range of materials. Minimum order quantities apply.

RECTANGULAR BUNTING

TRIANGULAR BUNTING

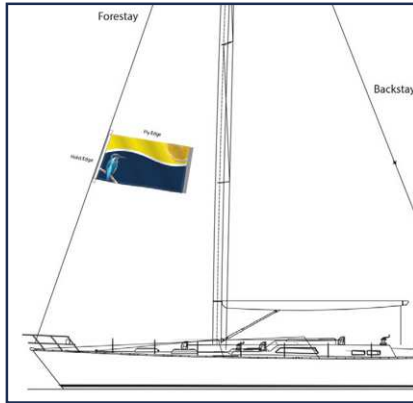

FEATURES

- Lightweight and suitable for indoor and outdoor use
- Highly visual and cost-effective advertising

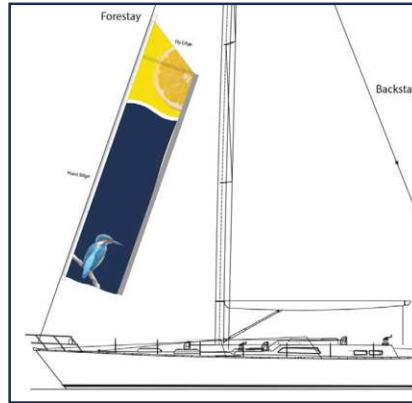

FORESTAY FLAGS & BANNERS

Custom Forestay Sailboat Flags are an essential way of decorating your marine vessel. Forestay Banners allow boat owners to advertise special events, grand openings, sponsorships or a fun slogan you came up with for your sailboat. Our Forestay Sailboat Flags are lightweight and durable, and offer a quick way to brand your boat.

FORESTAY FLAG

FORESTAY BANNER

FEATURES

- Available with or without anti-fray netting
- Vibrant print quality to catch the eye

RETAIL FLAGS

Retail Flags are a great promotional tool to advertise a brand or a message. Printed on a durable PVC material, they are double sided and supplied with a wall-mounted bracket, making them stand out from a distance.

FEATURES

- Supplied with all relevant parts, they're easy to assemble and install
- Durable materials, designed for outdoor use

GOLF FLAGS & FOOTBALL CORNER FLAGS

Boost club branding by having your logo printed on your Golf Flags or Football Corner Flags. Available single or double sided to suit your flag pole.

FEATURES

- Robust and durable during all kinds of weather
- Available in a range of materials

FESTIVAL FLAGS

Boost branding and add colour to your festival, concert or event. Festival Flags are available in custom sizes and shapes and are taller than standard Feather Flags.

FEATURES

- We can supply your Festival Flag with a telescopic pole
- Dye Sublimation for vibrant print

BANNERS

Display Banners are cost-effective and long lasting branding solutions. They're easy to install and change for each new promotion. Available in a range of materials and weights, there is a solution whatever your needs. Ideal for car dealer forecourts, hospitality, retail outlets, open days, festivals and sport venues.

BANNER WITH SLEEVES

BANNER WITH EYELETS

FEATURES

- Custom finished to your exact specification, with eyelets or sleeves to suit a scaffolding tube
- Scratch and UV-resistant. Printed with weatherproof inks, perfect for prolonged outdoor use
- Strong welded seams prevent tearing. Available with metal or plastic eyelets for easy mounting
- We offer PVC as a banner material but urge you to look at our EnviroBanner range.

MESH DISPLAY BANNERS

Mesh Display Banners are designed to be displayed in more exposed areas, as the tiny holes in the fabric allow the breeze to travel through. This reduces the wind load on the banner and mounting structure while the image quality from afar is still fantastic. Ideal for construction sites, sports events, festivals and branding in exposed areas.

MESH BANNER WITH SLEEVES

MESH BANNER WITH EYELETS

FEATURES

- Available in a range of materials, sizes and finishing
- Printed with weatherproof inks, perfect for prolonged outdoor use and scratch and UV-resistant
- Strong welded seams prevent tearing. Available with metal or plastic eyelets for easy mounting
- We offer PVC as a banner material but urge you to look at our EnviroBanner range

FABRIC BANNERS

Fabric Banners are great promotional solutions for shopping centres, sports arenas, exhibitions, conferences, roadshows and much more. We specialise in custom fabric banner printing and have a wide range of materials for both indoor and outdoor use, such as Knitted Polyester, Polystretch, Jet Display and Fairlyn Mesh.

**FABRIC BANNER
WITH SLEEVES**

**FABRIC BANNER
WITH EYELETS**

FEATURES

- Use Fabric Banners to display logos, branding, messaging or a call-to-action
- Long-lasting, vibrant, dye-sublimated print
- One of the most versatile and cost-effective promotional display tools available for placement near windows
- Lightweight and easy to carry. Roll up and store away for future use without deterioration

DISPLAY SYSTEMS

Display Systems are lightweight, robust and easy to assemble, making them the perfect product for events, retail, commercial interiors or hospitality. Available in a range of sizes, they are perfect for showcasing your brand both indoors and outdoors.

2 METRE & 3 METRE FRAMES

FEATURES

- Portable and durable, they are perfect for temporary branding solutions
- Different solutions for events, exhibitions, retail outlets or bars and restaurants
- Available in a range of styles to suit your specific requirements
- All Display Systems are available in our Enviro range materials

LAMP POST BANNERS

Lamp Post Banners are an ideal branding solution for city dressing, events and festivals. We offer two great value options including our standard lamp post system and a market-leading spring system which is EN40 compliant.

FEATURES

- Can accommodate one or two banners per column
- Designed for prolonged outdoor use, they're weatherproof and scratch and UV-resistant
- Ask us about our budget-friendly options

POP OUT BANNERS

Our cost-effective Pop Out Banners provide businesses of all sizes with a promotional tool that is strong, vibrant and makes a massive branding impact. Pop Out Banners are durable, weather-resistant and printed with advanced technology.

FEATURES

- Lightweight, durable and weather-resistant, great for use at multiple events
- Perfect for both indoors and outdoors
- Sturdy and robust internal frame and available in a range of styles
- Quick and easy to put up and pack away
- Dye-sublimated full colour print, on both sides

PAVEMENT SIGNS

Pavement Signs are robust and easy to assemble which makes them the perfect product for events, retail, commercial interiors or hospitality.

FEATURES

- Can be viewed from both sides
- Ideal for indoor and outdoor use

CORREX BOARDS

Correx is a durable and lightweight material often used for advertising signage both indoors and outdoors. The weatherproof, fluted board is ideal for outdoor use at construction sites, retail outlets or events and exhibitions. Correx Boards are the most cost-effective form of rigid signage, which makes them a great choice for short term promotional displays.

FEATURES

- Available printed single or double sided depending on your requirement
- Custom sizes available
- Correx can be cut to shape or straight cut with or without drill holes

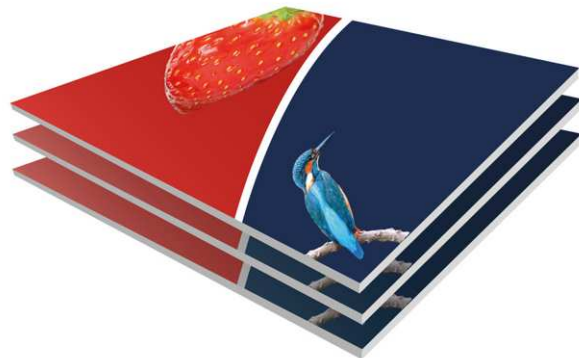

FOAM CENTRED BOARDS

Foam Centred Boards can be used for hanging displays, exhibition advertising signage, university displays and much more. It's ideal for indoor wall mounting and is the perfect choice for temporary display signage.

FEATURES

- Available in PVC Foam Board and Foam-X materials
- Choose from custom shapes and sizes
- Single and double sided print

SELFIE FRAMES

Selfie Frames, also known as Selfie Boards, are now a staple of events and exhibitions marketing. Selfie Frames are an ideal promotional tool to boost online presence and display your company's branding and logo.

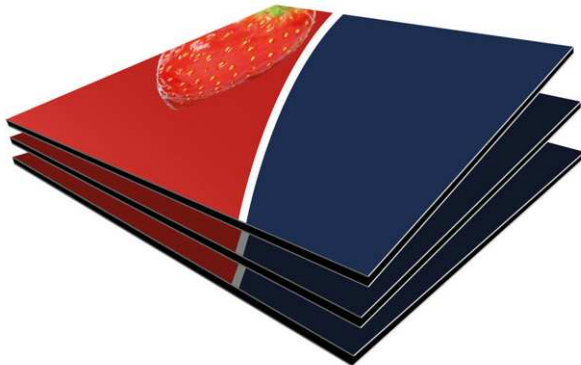

FEATURES

- Choose a durable, waterproof material for external use
- Print single or double sided
- Choose from a range of custom sizes and shapes

ALUMINIUM COMPOSITE MATERIALS

Aluminium Composite Material (ACM), often referred to as Dibond, is a fantastic tool for both indoor and outdoor advertising. Dibond is one of the most versatile materials in the industry making it your ideal choice for long term signage.

FEATURES

- Rigid and extremely strong, yet still lightweight
- Range of lamination finishes also available

HANGING BOARDS

Custom print Hanging Boards are perfect for retail display and are a vibrant, eye-catching promotional tool. Our Hanging Boards have a smooth, professional finish and they're lightweight, sturdy and easy to install.

FEATURES

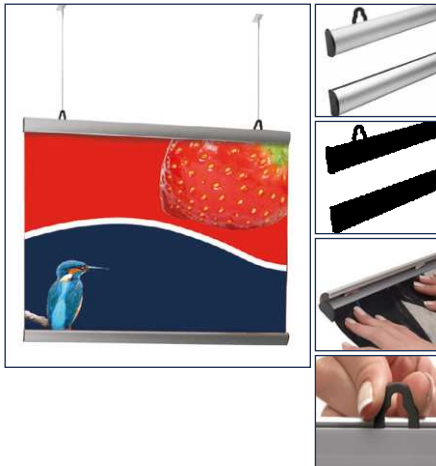

- Available in a range of sizes
- Ideal for indoor use

HANGING ACCESSORIES

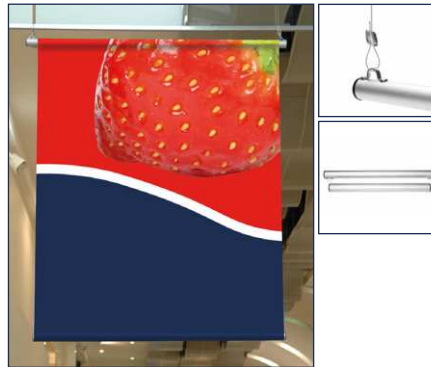

Aluminium Poster Hanger

A ceiling-hung, poster gripper for displaying promotional graphics. Snap closure makes it easy to change the poster.

Aluminium Banner Hanging Bars

Aluminium bars are fitted with deck eyes for the attachment of wires to suspend your bars to a ceiling anchor point. The bars are available in a range of sizes.

Hanging bars are available in sizes of 500mm, 1000mm, 1500mm and 2000mm.

Cable Hanging Kit

Two braided cables with a fixed loop at one end (to hang from a ceiling hook) and an adjustable slide toggle with hook end at the other.

Cable hanging kit, 1.5mmØ braided cable reel and cable components such as the clamp can accommodate all needs.

RETAIL SECURITY COVERS

Dress security systems in retail entrance zones or venue ticket offices. Utilise theft protection installations as promotional branding tools. Transform systems into effective POS with captivating solutions.

FEATURES

- Easy assembly
- Catch the eye of consumers on entry
- Fabric or rigid options available

BOLLARD COVERS

Choose from three or four panel Bollard Covers to maximise your advertising space and branding. Made from Correx, they're perfect for short term marketing campaigns.

TRIANGLE

ONE WAY VISION

A specialist adhesive vinyl which is printed on and applied to the exterior of a window. It has specially designed 'honeycomb' holes in it, making it 'see through' from inside, but not from the outside.

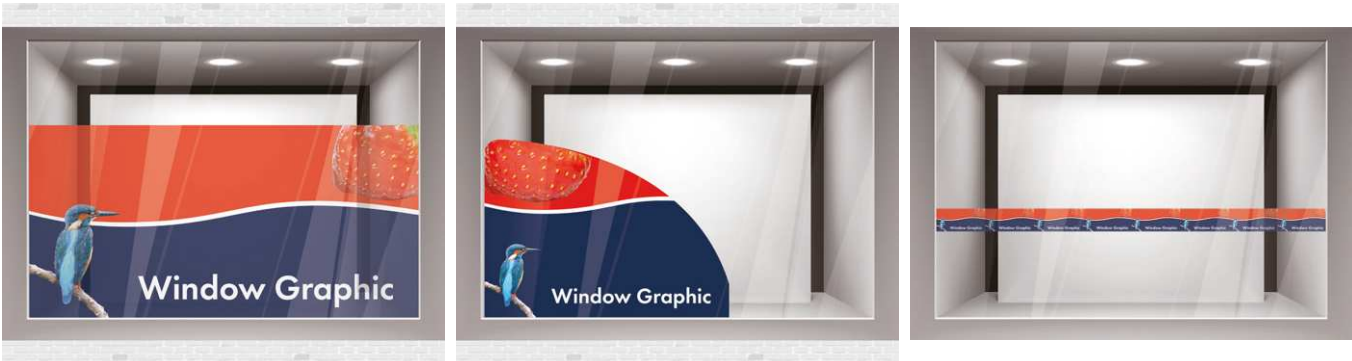

FEATURES

- Provides both advertising space and privacy
- Durable finish and long lasting print life
- Suitable for both indoor and outdoor

WINDOW GRAPHICS

Our high impact Window Graphics are great for advertising your brand, products or services for your window display. They are also referred to as Window Vinyls, Window Clings or Window Stickers and can be custom cut in a variety of sizes and finishes.

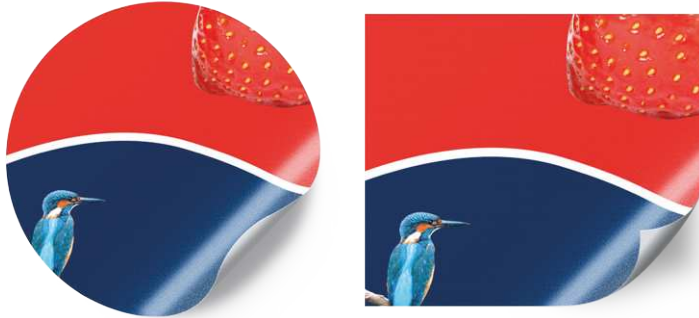

FEATURES

- Durable finish and long lasting print life
- For long term window sticker branding, we offer an installation service
- Our Window Graphic specialists can advise on a low or high tack vinyl
- Cut to shape and can be reverse printed
- Can be printed double sided

FLOOR GRAPHICS

Our printed vinyl Floor Graphics are brilliant for turning what's beneath your feet into advertising space as well extending wayfinding to the floor in a very simple and efficient way. Our self-adhesive Floor Graphics are printed in-house, they have an anti-slip rating without the need to laminate the vinyl.

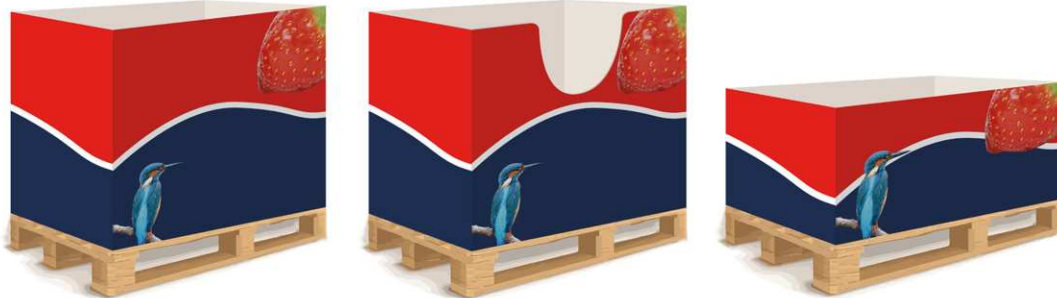

FEATURES

- Durable finish and long lasting print life
- Indoor & outdoor floor vinyl available
- Cut to shape

PALLET WRAPS

Customise your pallets with our vibrant printed Pallet Wraps, perfect for displaying your branding on shop floors. Make the most of your retail space and increase your branding and promotion opportunities with this product.
